The Firecom UH-52 wired headset delivers all the benefits of hands-free, full-duplex communication with your crew. Operating with a stand-alone intercom system or integrated with a mobile radio, the flexible design brings all crew members into constant communication. Behind-the-head band configuration with adjustable over-head strap easily accommodates use with helmets. Water-resistant and comfortable ear seals, extended operating temperature, and robust design make this headset ready for action in virtually any fireground environment.

**Extended-range operating temperature**
Rated from -40°F to +158°F, this headset works wherever you do.

**PTT radio, Full-duplex intercom**
Black PTT button to talk over intercom; listen-only intercom and radio when button not engaged.

**Glove-rugged plug**
Ergonomic connector is easy to grasp with a gloved hand and swivels to distribute strain at the jack connection.

**Memory foam ComLeather ear seals**
Fit comfortably for hours while delivering 24db noise reduction.

**Three-way adjustable boom**
Precise microphone placement, comfort, and performance.
**FEATURES**

**State-of-the-art ear and hearing protection**
- ComLeather over memory foam ear seals for hours of comfortable use
- Enhanced durability and comfort, designed to fit any head size
- 24dB noise reduction rating (NRR)
- IP65 rating for dust/water protection when worn
